saunum

A spa heater for large saunas

Saunum Luxury

Saunum Luxury is unique heater with a climate device with an elegantly beautiful appearance and an exceptionally large stone basket, which is specially created for an improved sauna experience in larger sauna rooms. The universal design allows the heater to be placed both by the wall and in the corner of the sauna room. A larger number of heating elements ensures faster heating and extends the life of the heating elements. The large stone volume and the patented air blending system ensure exceptional steam that is soft and long, and evenly distributed throughout the steam room. Himalayan salt spheres and modern features create a sensationally relaxing sauna and spa experience.

Technical data

Saunum Luxury

Included:	heater, climate device, salt spheres 10 pcs
Stone basket:	to be installed by the wall or in the corner
Colour selection:	brushed steel, anthracite grey
Climate regulating system:	3 speed levels, vent adjustment

Technical data:

Power of the heater	**13,2 kW**	**16,6 kW**	**19,8 kW**
Sauna room	14–18 m^3	18–22 m^3	22–28 m^3
Min height of the room		2150 mm	
Height of the device		2050–2350 mm	
Depth and width of the device		600 x 850 mm	
Weight of the device		92 kg	

Choose the heater with power adequate to the cubage of the sauna room

However, for non-insulated walls (brick, glass block, glass, concrete, floor tiles, etc.) a more powerful heater is needed. Add 1.2 m^3 to the cubage of the steam room per each square meter of uninsulated wall.
For example, a 10 m^3 sauna room with a glass door corresponds to the power requirement of a 12 m^3 sauna room.

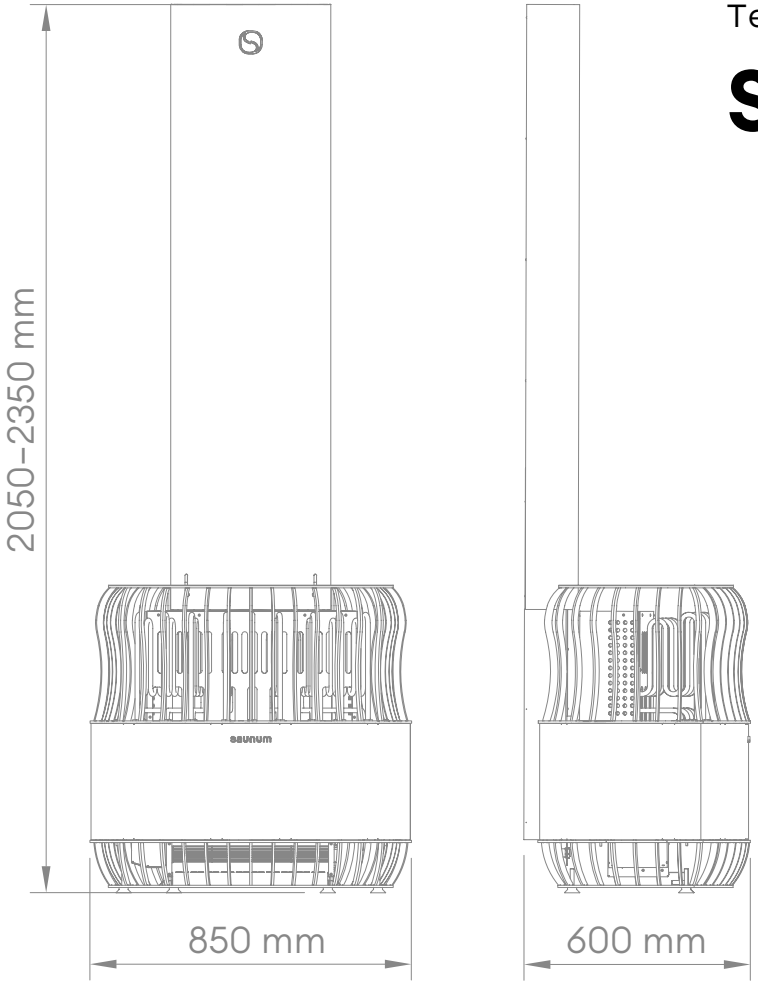

Additionally required:

Heater stones Ø 5–10 cm		120 kg	
Fuse, 3 phases	C20 A	C24 A	C32 A
Power cable for the heater, 3 phases	1 x SIHF 5G 4 mm^2	1 x SIHF 5G 4 mm^2 or	1 x SIHF 5G 6 mm^2 or
		2 x SIHF 5G 2,5 mm^2	2 x SIHF 5G 4 mm^2
Power cable for the climate device, 1 phase		5 x 1,5 mm^2	
Control unit		Saunum AirIQ	
For the aroma sauna		Saunum Sauna Oil Set	

* The given technical data are preliminary and may change.

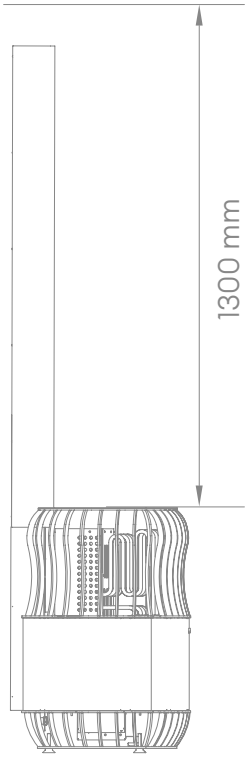

Technical drawings

Saunum Luxury

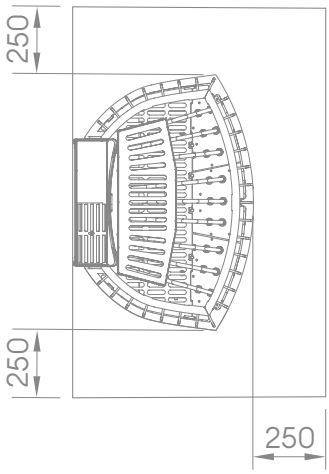

Safety distances

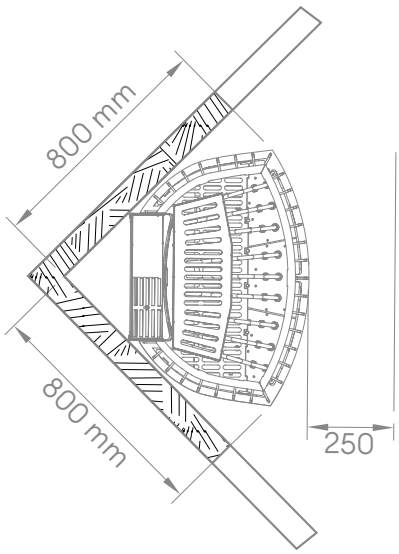

From heater to ceiling

Installation next to the wall

Installation in a corner

Necessary non-combustible wall on the sides of the heater.
NB! The structure must also be of non-combustible material or completely thermally insulated.

A sauna heater for large homes and public spa saunas

Saunum Luxury

Made of brushed steel or anthracite grey shade, Saunum Luxury is a real gem in both homes and public saunas. With the Saunum AirIQ control unit, it is very easy to control the heater and the sauna climate regulating system – you can heat the sauna and adjust the climate with just a few taps directly from the touch screen or from your smart device.

Saunum Luxury offers a unique steam experience and a relaxing home spa solution. Enjoy a soft steam sauna, a sauna enriched with salt ions, a humid sauna, a mild relaxing sauna, or an aroma sauna.

Relaxing Home Spa

Traditional Nordic Sauna

Milder Longer-Lasting Steam

Improves Breathing Comfort

Suitable for the Whole Family

Smart sauna control unit Saunum AirIQ

Saunum AirIQ is a next generation sauna controller that is convenient and easy to use. According to sauna data, AirIQ optimizes the time spent on heating and thereby also energy consumption. Three pre-settable sauna modes let you heat the sauna with just a few taps on the screen. With the help of **Saunum AirIQ Mobile**, you can control your sauna wherever you are at the moment. Sauna notifications are displayed on the user's mobile phone screen. Use **Air Button** to control the fan speed and air circulation of the sauna climate device directly from inside the sauna.

Innovation

patented air-blending system

Saunum's patented air-blending system traps scorching steam that rises near the ceiling of the sauna and mixes it with cooler, more oxygen-rich air near the floor, equalizing the heat and steam throughout the sauna. This ensures a more even temperature of the steam, and the oxygen-enriched steam makes it easier to breathe. Water more water may be ladled onto the rocks to of the heater to produce richer, more luxurious steam, resulting in more intense sweating.

Health

enriching the air with salt ions

With Saunum's patented method of enriching the air with salt ions, the salt ions from the natural salt spheres added to the sauna climate device are infused into the circulating air to reach the skin and respiratory tract. Salt aerosol is a valued as a decongestant used for reducing inflammation and possesses antimicrobial properties. Salt therapy is a popular treatment for asthma, bronchitis, pneumonia, sinusitis and provides relief of respiratory difficulties in children and adults.

Aromatherapy

therapeutic aroma oil mixed with steam

Add another layer of sensory pleasure with the aromatherapy system, which mixes sauna essential oil aromas within the steam. It is a healthy alternative to burning aromatic oil on the hot stones.

Sensational experience

relaxing sauna and spa solution

Try different settings and steam intensities to turn your sauna into a home spa.

Classic Nordic sauna
Temperature 60 °C–100 °C
The climate regulating system: speed level 1

Humid sauna
Temperature 60 °C–70 °C
The climate regulating system: speed level 2 or 3
The higher the speed of the climate regulating system, the milder the steam. Throw plenty of water on a heater and sweat with pleasure!

The mild, relaxing sauna
Temperature 40 °C–55 °C
The climate regulating system: speed level 1

Sauna enriched with salt ions
Temperature 40 °C–100 °C
The climate regulating system: speed level 1
The salt spheres added to the climate device work at any temperature, if the sauna climate device is switched on.

Aroma sauna
Temperature 40 °C–90 °C
The climate regulating system: speed level 1
Replace one of the salt spheres with an aroma bowl, add some Saunum aroma oil into it and enjoy!
